7. Adjustments

- (a) Subject as hereinafter provided, the Conversion Price shall from time to time be adjusted in accordance with the following relevant provisions so that if the event giving rise to any such adjustment shall be such as would be capable of falling within more than one of sub-paragraphs (i) to (vi) inclusive of this Condition 7, it shall fall within the first of the applicable paragraphs to the exclusion of the remaining paragraphs:
 - (i) If and whenever the Shares by reason of any consolidation or sub-division become of a different nominal amount, the Conversion Price in force immediately prior thereto shall be adjusted by multiplying it by the revised nominal amount and dividing the result by the former nominal amount. Each such adjustment shall be effective from the close of business in Hong Kong on the day immediately preceding the date on which the consolidation or sub-division becomes effective.
 - (ii) If and whenever the Company shall issue (other than in lieu of a cash dividend) any Shares credited as fully paid by way of capitalization of profits or reserves (including any share premium account or capital redemption reserve fund), the Conversion Price in force immediately prior to such issue shall be adjusted by multiplying it by the aggregate nominal amount of the issued Shares immediately before such issue and dividing the result by the sum of such aggregate nominal amount and the aggregate nominal amount of the Shares issued in such capitalization. Each such adjustment shall be effective (if appropriate retroactively) from the commencement of the day next following the record date for such issue.
 - (iii) If and whenever the Company shall make any Capital Distribution (as defined in this Condition 7(b)) to holders (in their capacity as such) of Shares (whether on a reduction of capital or otherwise) or shall grant to such holders rights to acquire for cash assets of the Company or any of its subsidiaries, the Conversion Price in force immediately prior to such distribution or grant shall be adjusted by multiplying it by the following fraction:

$$\frac{A - B}{A}$$

where:

A = the market price (as defined in this Condition 7(b)) on the date on which the Capital Distribution or, as the case may be, the grant is publicly announced or (failing any such announcement) next preceding the date of the Capital Distribution or, as the case may be, of the grant; and

B = the fair market value on the day of such announcement or (as the case may require) the next preceding day, as determined in good faith by an approved merchant bank, of the portion of the Capital Distribution or of such rights which is attributable to one Share,

Provided that:

- (aa) if in the opinion of the relevant approved merchant bank, the use of the fair market value as aforesaid produces a result which is significantly inequitable, it may instead determine (and in such event the above formula shall be construed as if B meant) the amount of the said market price which should properly be attributed to the value of the Capital Distribution or rights; and
- (bb) the provisions of this sub-paragraph (iii) shall not apply in relation to the issue of Shares credited as fully paid by way of capitalization of profits or reserves and issued in lieu of a cash dividend.

Each such adjustment shall be effective (if appropriate retroactively) from the commencement of the day next following the record date for the Capital Distribution or grant.

- (iv) If and whenever the Company shall offer to holders of Shares new Shares for subscription by way of rights, or shall grant to holders of Shares any options or warrants to subscribe for new Shares (other than options granted or Shares issued to employees or directors of the Company or any of its subsidiaries or their respective personal representatives pursuant to any employee or executive share scheme), at a price which is less than 90 per cent of the market price at the date of the announcement of the terms of the offer or grant, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before the date of the announcement of such offer or grant by a fraction of which the numerator is the number of Shares in issue immediately before the date of such announcement plus the number of Shares which the aggregate of the amount (if any) payable for the rights; options or warrants and of the amount payable for the total number of

new Shares comprised therein would purchase at such market price and the denominator is the number of Shares in issue immediately before the date of such announcement plus the aggregate number of Shares offered for subscription or comprised in the options or warrants (such adjustment to become effective (if appropriate retroactively) from the commencement of the day next following the record date for the offer or grant) provided however that no such adjustment shall be made if the Company shall make a like offer or grant (as the case may be) at the same time to the Subscriber (subject to such exclusions or other arrangements as the directors of the Company may deem necessary or expedient in relation to fractional entitlements or having regard to any restrictions or obligations under the laws of, or the requirements of any recognised regulatory body or any stock exchange in any territory outside Hong Kong) as if it had exercised the Conversion Rights under the Convertible Bond in full on the day immediately preceding the record date for such offer or grant.

- (v) (aa) If and whenever the Company shall issue wholly for cash any securities which by their terms are convertible into or exchangeable for or carry rights of subscription for new Shares (other than options granted or Shares issued to employees or directors of the Company or any of its subsidiaries or their respective personal representatives pursuant to any employee or executive share scheme), and the total Effective Consideration per Share (as defined below) initially receivable for such securities is less than 90 percent of the market price at the date of the announcement of the terms of issue of such securities, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately prior to the issue by a fraction of which the numerator is the number of Shares in issue immediately before the date of the issue plus the number of Shares which the total Effective Consideration receivable for the securities issued would purchase at such market price and the denominator is the number of Shares in issue immediately before the date of the issue plus the number of Shares to be issued upon conversion or exchange of, or the exercise of the subscription rights conferred by, such securities at the initial conversion or exchange rate or subscription price. Such adjustment shall become effective (if appropriate retrospectively) from the close of business in Hong Kong on the Business Day next preceding whichever is the earlier of the date on which the issue is announced and the date on which the Company determines the conversion or exchange rate or subscription price.
- (bb) If and whenever the rights of conversion or exchange or subscription attached to any such securities as are mentioned in section (aa) of this sub-paragraph (v) are modified so that the total Effective Consideration per Share initially receivable for

such securities shall be less than 90 per cent. of the market price at the date of announcement of the proposal to modify such rights of conversion or exchange or subscription, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately prior to such modification by a fraction of which the numerator is the number of Shares in issue immediately before the date of such modification plus the number of Shares which the total Effective Consideration receivable for the securities issued at the modified conversion or exchange price would purchase at such market price and of which the denominator is the number of Shares in issue immediately before such date of modification plus the number of Shares to be issued upon conversion or exchange of or the exercise of the subscription rights conferred by such securities at the modified conversion or exchange rate or subscription price. Such adjustment shall become effective as at the date upon which such modification shall take effect. A right of conversion or exchange or subscription shall not be treated as modified for the foregoing purposes where it is adjusted to take account of rights or capitalization issues and other events normally giving rise to adjustment of conversion or exchange terms.

For the purposes of this sub-paragraph (v), the “**total Effective Consideration**” receivable for the securities issued shall be deemed to be the consideration receivable by the Company for any such securities plus the additional minimum consideration (if any) to be received by the Company upon (and assuming) the conversion or exchange thereof or the exercise of such subscription rights, and the total Effective Consideration per Share initially receivable for such securities shall be such aggregate consideration divided by the number of Shares to be issued upon (and assuming) such conversion or exchange at the initial conversion or exchange rate or the exercise of such subscription rights at the initial subscription price, in each case without any deduction for any commissions, discounts or expenses paid, allowed or incurred in connection with the issue.

- (vi) If and whenever the Company shall issue wholly for cash any Shares (other than Shares issued to employees or directors of the Company or any of its subsidiaries or their respective personal representatives pursuant to any employee or executive share scheme) at a price per Share which is less than 90 per cent. of the market price at the date of the announcement of the terms of such issue, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before the date of such announcement by a fraction of which the numerator is the number of Shares in issue immediately before the date of such announcement plus the number of Shares which the aggregate amount payable for the issue would purchase at such market price and the denominator is the number of Shares in issue immediately before the

date of such announcement plus the number of Shares so issued. Such adjustment shall become effective on the date of the issue.

(b) For the purposes of this Condition 7:

“issue” shall include allot;

“rights” includes rights in whatsoever form issued.

(c) The provisions of sub-paragraphs (ii), (iii), (iv), (v) and (vi) of this Condition 7(a) shall not apply to:

- (i) an issue of fully-paid Shares upon the exercise of any conversion rights attached to securities convertible into Shares or upon exercise of any rights (including any conversion of the Convertible Bond) to acquire Shares provided that an adjustment has been made (if appropriate) under this Condition 7 in respect of the issue of such securities or granting of such rights (as the case may be);
- (ii) a grant of options or an issue of Shares or other securities of the Company or any subsidiary of the Company carrying rights to subscribe for or acquire, or wholly or partly convertible into, Shares to employees or directors of the Company or any of its subsidiaries or their respective personal representatives pursuant to any employee or executive share scheme;
- (iii) an issue by the Company of Shares or by the Company or any subsidiary of the Company of securities wholly or partly convertible into Shares or of rights to acquire Shares, in any such case in consideration or part consideration for the acquisition of any other securities, assets or business provided that an adjustment has been made (if appropriate) under this Condition 7 in respect of the issue of such Shares or securities or granting of such rights (as the case may be);
- (iv) an issue of fully-paid Shares by way of capitalization of all or part of any subscription right reserve, or any similar reserve which has been or may be established pursuant to the terms of any securities wholly or partly convertible into Shares or of rights to acquire Shares;
- (v) an issue of Shares pursuant to a scrip dividend scheme where an amount not less than the nominal amount of the Shares so issued is capitalised and the market value of such Shares is not more than 110 per cent. of the amount of dividend which holders of the Shares could elect to or would otherwise receive in cash, for which purpose the “market value” of a Share shall mean the average of the closing prices as quoted in the official sheet of the Stock Exchange (or the equivalent) for such Stock Exchange dealing days on which dealings in the Shares took place (being not less than five such days) as are selected by the directors of the Company in connection with determining the basis of allotment in respect of the relevant scrip dividend and which fall within the period of one month ending on the last day on which holders of Shares may elect to receive or (as the case may be) not to receive the relevant dividend in cash; or
- (vi) an issue of Share or other securities of the Company or any subsidiary of the Company wholly or partly convertible into, or

rights to acquire, Shares pursuant to any existing options, warrants, convertible bonds and similar rights to subscribe or purchase equity securities of the Company.

- (d) Any adjustment to the Conversion Price shall be made to the nearest one cent so that any amount under half a cent shall be rounded down and any amount of half a cent or more shall be rounded up and in no event shall any adjustment (otherwise than upon the consolidation of Shares into Shares of a larger nominal amount) involve an increase in the Conversion Price. In addition to any determination which may be made by the directors of the Company, every adjustment to the Conversion Price shall be certified either (at the option of the Company) by the auditors of the Company for the time being or by an approved merchant bank.
- (e) Notwithstanding anything contained herein, no adjustment shall be made to the Conversion Price in any case in which the amount by which the same would be reduced in accordance with the foregoing provisions of this Condition would be less than one cent and any adjustment that would otherwise be required then to be made shall not be carried forward.
- (f) If the Company or any subsidiary of the Company shall in any way modify the rights attached to any share or loan capital so as wholly or partly to convert or make convertible such share or loan capital into, or attach thereto any rights to acquire, Shares, the Company shall appoint an approved merchant bank to consider whether any adjustment to the Conversion Price is appropriate (and if such approved merchant bank shall certify that any such adjustment is appropriate the Conversion Price shall be adjusted accordingly and the provisions of this Condition 7(d), (e) and (h) shall apply).
- (g) Notwithstanding the provisions of this Condition 7(a), in any circumstances where the directors of the Company shall consider that an adjustment to the Conversion Price provided for under the said provisions should not be made or should be calculated on a different basis or that an adjustment to the Conversion Price should be made notwithstanding that no such adjustment is required under the said provisions or that an adjustment should take effect on a different date or with a different time from that provided for under the provisions, the Company may appoint an approved merchant bank to consider whether for any reason whatever the adjustment to be made (or the absence of adjustment) would or might not fairly and appropriately reflect the relative interests of the persons affected thereby and, if such approved merchant bank shall consider this to be the case, the adjustment shall be modified or nullified or an adjustment made instead of no adjustment in such manner (including without limitation, making an adjustment calculated on a different basis) and/or the adjustment shall take effect

from such other date and/or time as shall be certified by such approved merchant bank to be in its opinion appropriate.

- (h) Whenever the Conversion Price is adjusted as herein provided, the Company shall give notice to the Subscriber that the Conversion Price has been adjusted (and setting forth the event giving rise to the adjustment, the Conversion Price in effect prior to such adjustment, the adjusted Conversion Price and the effective date thereof) and shall at all times thereafter so long as the Convertible Bond remains outstanding make available for inspection at its principal place of business in Hong Kong a signed copy of the said certificate of the approved merchant bank and a certificate signed by a director of the Company setting forth brief particulars of the event giving rise to the adjustment, the Conversion Price in effect prior to such adjustment, the adjusted Conversion Price and the effective date thereof and shall, on request, send a copy thereof to the Subscriber.
- (i) If the application of any of the provisions of this Condition 7 would but for this paragraph (i) result in the Conversion Price being reduced so that on conversion Shares shall fall to be issued at a discount to their nominal value, then the Conversion Price shall be adjusted to an amount equal to the nominal value of one Share.

8. Protection of the Subscriber

So long as the Convertible Bond is outstanding, and subject to any approvals otherwise given in writing by the Subscriber:

- (a) the Company shall not in any way modify the rights attached to the Shares as a class or attach any special restrictions thereto;
- (b) the Company shall not issue or pay up any securities by way of capitalization of profits or reserves other than (i) by the issue of fully-paid Shares to holders of its Shares; or (ii) as mentioned in Condition 7(c)(iv); or (iii) by the issue of Shares in lieu of a cash dividend in the manner referred to in Condition 7(c)(v);
- (c) the Company shall not create or permit to be in issue any equity share capital other than Shares, provided that nothing in this Condition 8(c) shall prevent (i) any consolidation or sub-division of the Shares; or (ii) the issue of any equity share capital which does not participate in dividend before a certain date or in respect of a certain financial period but ranks *pari passu* in all other respects with the Shares; or (iii) the issue of equity share capital to officers or employees of the Company or any of its subsidiaries pursuant to an employee or executive share scheme;
- (d) the Company shall procure that at no time shall there be in issue Shares of differing nominal values;

- (e) the Company shall not make any issue, grant or distribution or take any other action if the effect thereof would be that on the exercise of the right to convert the Convertible Bond it would but for Condition 7(a)(i) be required to issue Shares at a discount to their nominal value;
- (f) the Company shall use its best endeavours (i) to maintain a listing for all the issued Shares on the Main Board of the Stock Exchange or on such other equivalent internationally recognized stock exchange (a "recognized stock exchange") as the Company may from time to time determine; (ii) to obtain and maintain a listing on the Stock Exchange (or a recognized stock exchange) for all the Conversion Shares issued on the exercise of right to convert the Convertible Bond; and (iii) to obtain a listing for all the Conversion Shares issued on the exercise of the right to convert the Convertible Bond on any other stock exchange on which any of the Shares are for the time being listed and will forthwith give notice to the Subscriber in accordance with Condition 10 of the listing or delisting of the Shares by any such stock exchange;
- (g) the Company shall, as soon as possible and in any event not later than 3 Business Days after the announcement of the terms of any issue referred to in Condition 7, give notice to the Subscriber advising it of the date on which the relevant adjustment of the Conversion Price is likely to become effective and of the effect of exercising the right to convert the Convertible Bond pending such date;
- (h) the Company shall comply with and procure the compliance with all conditions imposed by the Stock Exchange or by any other competent authority (in Hong Kong or elsewhere) for approval of the issue of the Convertible Bond or for the listing of and permission to deal in the Shares issued or to be issued on the exercise of the right to convert the Convertible Bond and shall ensure the continued compliance therewith; and
- (i) the Company shall ensure that all Shares issued upon conversion of the Convertible Bond will be duly and validly issued, fully paid and registered.

9. Issue of Shares on Conversion

The Company undertakes to issue the Conversion Shares to the Subscriber (or as it may direct) upon exercise the right to convert the Convertible Bond, in whole or in part, by the Subscriber. The Conversion Shares arising on conversion shall be allotted and issued by the Company to the Subscriber (or as it may direct) within 7 Business Days from the date on which the Conversion Notice served by the Subscriber expires and certificates for the Shares to which the Subscriber shall become entitled in consequence of exercising its right to convert the Convertible Bond shall be issued in board lots and (if appropriate) together with an endorsement on the Certificate by a director of the Company for any balance of the principal amount of the Convertible Bond not converted.

- (d) the Company becomes insolvent or is unable to pay its debts as they mature or applies for or consents to or suffers the appointment of any administrator, liquidator or receiver of the Company or the whole or any substantial part of the undertaking, property, assets or revenues of the Company or takes any proceeding under any law for a re-adjustment or deferment of its obligations or any part of them or makes or enters into a general assignment or compromise with or for the benefit of its creditors; or

- (f) a moratorium is agreed or declared in respect of any indebtedness of the Company or any governmental authority or agency condemns, seizes, compulsorily purchases or expropriates all or a substantial part of the assets of the Company; or
- (g) the Shares (as a class) cease to be listed on the Main Board of the Stock Exchange or a recognized stock exchange (each as defined in Condition 8(f)) for a continuous period of 10 Trading Days due to the default of the Company.

The Company will forthwith on becoming aware of any such event as is mentioned in this Condition give notice in writing thereof to the Subscriber. At any time after the Convertible Bond has become payable the Subscriber may without further notice institute such proceedings as it may think fit to enforce payment of the monies due.

11. Experts

In giving any certificate or making any adjustment hereunder, the auditors of the Company or (as the case may be) the approved investment bank shall be deemed to be

acting as experts and not as arbitrators and, in the absence of manifest error, their decision shall be conclusive and binding on the Company and the Subscriber and all persons claiming through or under them respectively.

The Convertible Bond shall be held subject to and with the benefit of the terms and conditions (the “**Conditions**”) set out below and such terms and conditions shall be binding on Artfield Group Limited (the “**Company**”). Except where the context otherwise requires, expressions defined in the Subscription Agreement dated 15 January 2008 in respect of the Convertible Bond shall bear the same meanings in this Certificate:

1. Period

The Maturity Date of the Convertible Bond shall be a date falling 36 months from the date of issue of the Certificate and the Company shall repay the principal amount outstanding under the Convertible Bond to the Subscriber in full on the Maturity Date.

2. Amount and issue of the Convertible Bond

- (a) The Convertible Bond will be issued subject to the terms of these Conditions and shall be binding on Company and enure for the benefit of the Subscriber and permitted transferees of the original Subscriber.
- (b) The Company shall pay all duties or stamp duties (if any) on the issue of the relevant Convertible Bond and the initial delivery of the Convertible Bond.
- (c) The Convertible Bond shall be held subject to and with the benefit of the Conditions and such Conditions shall be binding on the Company and the Subscriber and all persons claiming through them.

3 Status and Transfer

- (a) The obligations of the Company under the Convertible Bond constitute general and unsecured obligations of the Company and rank, and will rank, *pari passu* with all other present and future unsecured and unsubordinated obligations of the Company except for obligations accorded preference by mandatory provisions of applicable law. No application will be made for a listing of the Convertible Bond in the Stock Exchange or any recognized stock exchange.
- (b) The Convertible Bond may only be assigned or transferred by the Subscriber to the transferee (or their duly authorised representatives) with execution of a transfer instrument in a form approved by the board of directors of the Company. Subject thereto, the principal amount outstanding under the Convertible Bond may be assigned or transferred in whole or in part.
- (c) In the event of a transfer of the Convertible Bond or any part thereof, the Certificate of the Convertible Bond must be delivered to the Company for registration together with (i) the duly executed transfer instrument referred to in Condition 3(b); and (ii) in the case of the execution of such transfer instrument by an officer for and on behalf of the Subscriber and the transferee, each being a corporation, the authority of that officer to do so. The Convertible Bond shall bear no interest.

5. Redemption

Neither the Company nor the Subscriber shall at any time redeem (all or part of) the principal amount of the Convertible Bond outstanding prior to the Maturity Date.

6. Conversion

- (a) The Subscriber or its nominee(s) will have the right to convert in whole or in part of the principal amount of the Convertible Bond into Conversion Shares at the Conversion Price on any Business Day during the Conversion Period provided that the amount so converted shall be at least HK\$1,000,000 (and in integral multiples thereof) on each conversion, save that if the principal outstanding amount of the Convertible Bond is less than HK\$1,000,000, the whole (but not part only) of such outstanding principal amount of the Convertible Bond may be converted. No fraction of a Share will be issued on conversion but an equivalent cash payment (except in cases where any such cash payment would amount to less than HK\$10) in Hong Kong dollars will be made to the Subscriber in respect of such fraction. The Conversion Shares shall be allotted and issued, credited as fully paid, to the Subscriber by the Company, in accordance with the Bye-laws. The Conversion Shares issued upon conversion shall rank *pari passu* in all respects with all other issued Shares as at the date of allotment of such Shares upon conversion and shall be entitled to all dividends and other distributions where the record(s) date for which falls on a date on or after the date of such allotment. Notwithstanding any other provision in these Conditions, the Subscriber shall exercise its right attaching to the Convertible Bond only if the allotment and issue of the Conversion Shares will not cause the Company to be in breach of the minimum public float requirement stipulated under Rule 8.08 of the Listing Rules ("**Public Float Requirement**"). The Company shall within the next Business Day after its receipt of the Conversion Notice from the Subscriber inform the Subscriber in writing if the proposed allotment and issue of the Conversion Shares would result in a breach of the Public Float Requirement.
- (b) The Subscriber shall exercise the right to convert the Convertible Bond by completing and serving on the Company 7 days' Conversion Notice and delivering the same, together with the Certificate, to the principal place of business of the Company in Hong Kong. A Conversion Notice once given may not be withdrawn without the prior consent in writing of the Company. - (c) Should the Subscriber exercise the right to convert the Convertible Bond, in whole or in part, the Company shall allot and issue to the Subscriber such number of Shares converted under such amount of the Convertible Bond at the Conversion Price within 7 Business Days from the date on which the Conversion Notice served by the Subscriber. The Company shall apply the equivalent amount of the subscription money paid by the Subscriber to the Company as consideration.

7. Adjustments

- (a) Subject as hereinafter provided, the Conversion Price shall from time to time be adjusted in accordance with the following relevant provisions so that if the event giving rise to any such adjustment shall be such as would be capable of falling within more than one of sub-paragraphs (i) to (vi) inclusive of this Condition 7, it shall fall within the first of the applicable paragraphs to the exclusion of the remaining paragraphs:
- (i) If and whenever the Shares by reason of any consolidation or sub-division become of a different nominal amount, the Conversion Price in force immediately prior thereto shall be adjusted by multiplying it by the revised nominal amount and dividing the result by the former nominal amount. Each such adjustment shall be effective from the close of business in Hong Kong on the day immediately preceding the date on which the consolidation or sub-division becomes effective.
- (ii) If and whenever the Company shall issue (other than in lieu of a cash dividend) any Shares credited as fully paid by way of capitalization of profits or reserves (including any share premium account or capital redemption reserve fund), the Conversion Price in force immediately prior to such issue shall be adjusted by multiplying it by the aggregate nominal amount of the issued Shares immediately before such issue and dividing the result by the sum of such aggregate nominal amount and the aggregate nominal amount of the Shares issued in such capitalization. Each such adjustment shall be effective (if appropriate retroactively) from the commencement of the day next following the record date for such issue.
- (iii) If and whenever the Company shall make any Capital Distribution (as defined in this Condition 7(b)) to holders (in their capacity as such) of Shares (whether on a reduction of capital or otherwise) or shall grant to such holders rights to acquire for cash assets of the Company or any of its subsidiaries, the Conversion Price in force immediately prior to such distribution or grant shall be adjusted by multiplying it by the following fraction:

$$\frac{A - B}{A}$$

where:

A = the market price (as defined in this Condition 7(b)) on the date on which the Capital Distribution or, as the case may be, the grant is publicly announced or (failing any such announcement) next preceding the date of the Capital Distribution or, as the case may be, of the grant; and

B = the fair market value on the day of such announcement or (as the case may require) the next preceding day, as determined in good faith by an approved merchant bank, of the portion of the Capital Distribution or of such rights which is attributable to one Share,

Provided that:

(aa) if in the opinion of the relevant approved merchant bank, the use of the fair market value as aforesaid produces a result which is significantly inequitable, it may instead determine (and in such event the above formula shall be construed as if B meant) the amount of the said market price which should properly be attributed to the value of the Capital Distribution or rights; and

(bb) the provisions of this sub-paragraph (iii) shall not apply in relation to the issue of Shares credited as fully paid by way of capitalization of profits or reserves and issued in lieu of a cash dividend.

Each such adjustment shall be effective (if appropriate retroactively) from the commencement of the day next following the record date for the Capital Distribution or grant.

(iv) If and whenever the Company shall offer to holders of Shares new Shares for subscription by way of rights, or shall grant to holders of Shares any options or warrants to subscribe for new Shares (other than options granted or Shares issued to employees or directors of the Company or any of its subsidiaries or their respective personal representatives pursuant to any employee or executive share scheme), at a price which is less than 90 per cent of the market price at the date of the announcement of the terms of the offer or grant, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before the date of the announcement of such offer or grant by a fraction of which the numerator is the number of Shares in issue immediately before the date of such announcement plus the number of Shares which the aggregate of the amount (if any) payable for the rights; options or warrants and of the amount payable for the total number of new Shares comprised therein would purchase at such market price and the denominator is the number of Shares in issue immediately before the date of such announcement plus the aggregate number of Shares offered for subscription or comprised in the options or warrants (such adjustment to become effective (if appropriate retroactively) from the commencement of the day next following the record date for the offer or grant) provided however that no such adjustment shall be made if the

Company shall make a like offer or grant (as the case may be) at the same time to the Subscriber (subject to such exclusions or other arrangements as the directors of the Company may deem necessary or expedient in relation to fractional entitlements or having regard to any restrictions or obligations under the laws of, or the requirements of any recognised regulatory body or any stock exchange in any territory outside Hong Kong) as if it had exercised the Conversion Rights under the Convertible Bond in full on the day immediately preceding the record date for such offer or grant.

- (v) (aa) If and whenever the Company shall issue wholly for cash any securities which by their terms are convertible into or exchangeable for or carry rights of subscription for new Shares (other than options granted or Shares issued to employees or directors of the Company or any of its subsidiaries or their respective personal representatives pursuant to any employee or executive share scheme), and the total Effective Consideration per Share (as defined below) initially receivable for such securities is less than 90 percent of the market price at the date of the announcement of the terms of issue of such securities, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately prior to the issue by a fraction of which the numerator is the number of Shares in issue immediately before the date of the issue plus the number of Shares which the total Effective Consideration receivable for the securities issued would purchase at such market price and the denominator is the number of Shares in issue immediately before the date of the issue plus the number of Shares to be issued upon conversion or exchange of, or the exercise of the subscription rights conferred by, such securities at the initial conversion or exchange rate or subscription price. Such adjustment shall become effective (if appropriate retrospectively) from the close of business in Hong Kong on the Business Day next preceding whichever is the earlier of the date on which the issue is announced and the date on which the Company determines the conversion or exchange rate or subscription price.
- (bb) If and whenever the rights of conversion or exchange or subscription attached to any such securities as are mentioned in section (aa) of this sub-paragraph (v) are modified so that the total Effective Consideration per Share initially receivable for such securities shall be less than 90 per cent. of the market price at the date of announcement of the proposal to modify such rights of conversion or exchange or subscription, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately prior to such modification by a fraction of which the numerator is the number of Shares in issue immediately before the date of such modification plus the number of Shares which the total Effective Consideration receivable for the securities issued at the modified conversion or

exchange price would purchase at such market price and of which the denominator is the number of Shares in issue immediately before such date of modification plus the number of Shares to be issued upon conversion or exchange of or the exercise of the subscription rights conferred by such securities at the modified conversion or exchange rate or subscription price. Such adjustment shall become effective as at the date upon which such modification shall take effect. A right of conversion or exchange or subscription shall not be treated as modified for the foregoing purposes where it is adjusted to take account of rights or capitalization issues and other events normally giving rise to adjustment of conversion or exchange terms.

For the purposes of this sub-paragraph (v), the “**total Effective Consideration**” receivable for the securities issued shall be deemed to be the consideration receivable by the Company for any such securities plus the additional minimum consideration (if any) to be received by the Company upon (and assuming) the conversion or exchange thereof or the exercise of such subscription rights, and the total Effective Consideration per Share initially receivable for such securities shall be such aggregate consideration divided by the number of Shares to be issued upon (and assuming) such conversion or exchange at the initial conversion or exchange rate or the exercise of such subscription rights at the initial subscription price, in each case without any deduction for any commissions, discounts or expenses paid, allowed or incurred in connection with the issue.

- (vi) If and whenever the Company shall issue wholly for cash any Shares (other than Shares issued to employees or directors of the Company or any of its subsidiaries or their respective personal representatives pursuant to any employee or executive share scheme) at a price per Share which is less than 90 per cent. of the market price at the date of the announcement of the terms of such issue, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before the date of such announcement by a fraction of which the numerator is the number of Shares in issue immediately before the date of such announcement plus the number of Shares which the aggregate amount payable for the issue would purchase at such market price and the denominator is the number of Shares in issue immediately before the date of such announcement plus the number of Shares so issued. Such adjustment shall become effective on the date of the issue.

- (b) For the purposes of this Condition 7:

“**announcement**” shall include the release of an announcement to the press or the delivery or transmission by telephone, facsimile transmission, electronic transmission, telex or otherwise of an announcement to the Stock Exchange and “date of announcement” shall mean the date on which the announcement is first so released, delivered or transmitted;

“approved merchant bank” means a merchant bank of repute in Hong Kong selected by the Company and approved by the Subscriber which approval shall not be unreasonably withheld or delayed for the purpose of providing a specific opinion or calculation or determination hereunder;

“Capital Distribution” shall (without prejudice to the generality of that phrase) include distributions in cash or specie. Any dividend charged or provided for in the accounts for any financial period shall (whenever paid and however described) be deemed to be a Capital Distribution provided that any such dividend shall automatically be deemed not a Capital Distribution if it is paid out of the aggregate of the net profits attributable to the holders of Shares for all financial periods after that ended 31 March as shown in the audited consolidated profit and loss account of the Company and its subsidiaries for each such financial period;

“issue” shall include allot;

“market price” means the average of the closing prices of one Share on the Stock Exchange as quoted in the official sheet of the Stock Exchange (or the equivalent) for each of the last five Stock Exchange dealing days on which dealings in the Shares on the Stock Exchange took place ending on the last such dealing day preceding the day on or as of which the market price is to be ascertained;

“Shares” includes, for the purposes of Shares comprised in any issue, distribution or grant pursuant to sub-paragraphs (iii), (iv), (v) or (vi) of this Condition 7(a), any such ordinary shares of the Company as, when fully paid, will be Shares;

“reserves” includes unappropriated profits;

“rights” includes rights in whatsoever form issued.

- (c) The provisions of sub-paragraphs (ii), (iii), (iv), (v) and (vi) of this Condition 7(a) shall not apply to:
- (i) an issue of fully-paid Shares upon the exercise of any conversion rights attached to securities convertible into Shares or upon exercise of any rights (including any conversion of the Convertible Bond) to acquire Shares provided that an adjustment has been made (if appropriate) under this Condition 7 in respect of the issue of such securities or granting of such rights (as the case may be);
 - (ii) a grant of options or an issue of Shares or other securities of the Company or any subsidiary of the Company carrying rights to subscribe for or acquire, or wholly or partly convertible into, Shares to employees or directors of the Company or any of its

subsidiaries or their respective personal representatives pursuant to any employee or executive share scheme;

- (iii) an issue by the Company of Shares or by the Company or any subsidiary of the Company of securities wholly or partly convertible into Shares or of rights to acquire Shares, in any such case in consideration or part consideration for the acquisition of any other securities, assets or business provided that an adjustment has been made (if appropriate) under this Condition 7 in respect of the issue of such Shares or securities or granting of such rights (as the case may be);
 - (iv) an issue of fully-paid Shares by way of capitalization of all or part of any subscription right reserve, or any similar reserve which has been or may be established pursuant to the terms of any securities wholly or partly convertible into Shares or of rights to acquire Shares;
 - (v) an issue of Shares pursuant to a scrip dividend scheme where an amount not less than the nominal amount of the Shares so issued is capitalised and the market value of such Shares is not more than 110 per cent. of the amount of dividend which holders of the Shares could elect to or would otherwise receive in cash, for which purpose the “market value” of a Share shall mean the average of the closing prices as quoted in the official sheet of the Stock Exchange (or the equivalent) for such Stock Exchange dealing days on which dealings in the Shares took place (being not less than five such days) as are selected by the directors of the Company in connection with determining the basis of allotment in respect of the relevant scrip dividend and which fall within the period of one month ending on the last day on which holders of Shares may elect to receive or (as the case may be) not to receive the relevant dividend in cash; or
 - (vi) an issue of Share or other securities of the Company or any subsidiary of the Company wholly or partly convertible into, or rights to acquire, Shares pursuant to any existing options, warrants, convertible bonds and similar rights to subscribe or purchase equity securities of the Company.
- (d) Any adjustment to the Conversion Price shall be made to the nearest one cent so that any amount under half a cent shall be rounded down and any amount of half a cent or more shall be rounded up and in no event shall any adjustment (otherwise than upon the consolidation of Shares into Shares of a larger nominal amount) involve an increase in the Conversion Price. In addition to any determination which may be made by the directors of the Company, every adjustment to the Conversion Price shall be certified either (at the option of the Company) by the auditors of the Company for the time being or by an approved merchant bank.

- (e) Notwithstanding anything contained herein, no adjustment shall be made to the Conversion Price in any case in which the amount by which the same would be reduced in accordance with the foregoing provisions of this Condition would be less than one cent and any adjustment that would otherwise be required then to be made shall not be carried forward.
- (f) If the Company or any subsidiary of the Company shall in any way modify the rights attached to any share or loan capital so as wholly or partly to convert or make convertible such share or loan capital into, or attach thereto any rights to acquire, Shares, the Company shall appoint an approved merchant bank to consider whether any adjustment to the Conversion Price is appropriate (and if such approved merchant bank shall certify that any such adjustment is appropriate the Conversion Price shall be adjusted accordingly and the provisions of this Condition 7(d), (e) and (h) shall apply).
- (g) Notwithstanding the provisions of this Condition 7(a), in any circumstances where the directors of the Company shall consider that an adjustment to the Conversion Price provided for under the said provisions should not be made or should be calculated on a different basis or that an adjustment to the Conversion Price should be made notwithstanding that no such adjustment is required under the said provisions or that an adjustment should take effect on a different date or with a different time from that provided for under the provisions, the Company may appoint an approved merchant bank to consider whether for any reason whatever the adjustment to be made (or the absence of adjustment) would or might not fairly and appropriately reflect the relative interests of the persons affected thereby and, if such approved merchant bank shall consider this to be the case, the adjustment shall be modified or nullified or an adjustment made instead of no adjustment in such manner (including without limitation, making an adjustment calculated on a different basis) and/or the adjustment shall take effect from such other date and/or time as shall be certified by such approved merchant bank to be in its opinion appropriate.
- (h) Whenever the Conversion Price is adjusted as herein provided, the Company shall give notice to the Subscriber that the Conversion Price has been adjusted (and setting forth the event giving rise to the adjustment, the Conversion Price in effect prior to such adjustment, the adjusted Conversion Price and the effective date thereof) and shall at all times thereafter so long as the Convertible Bond remains outstanding make available for inspection at its principal place of business in Hong Kong a signed copy of the said certificate of the approved merchant bank and a certificate signed by a director of the Company setting forth brief particulars of the event giving rise to the adjustment, the Conversion Price in effect prior to such adjustment, the adjusted Conversion Price and the effective date thereof and shall, on request, send a copy thereof to the Subscriber.

- (i) If the application of any of the provisions of this Condition 7 would but for this paragraph (i) result in the Conversion Price being reduced so that on conversion Shares shall fall to be issued at a discount to their nominal value, then the Conversion Price shall be adjusted to an amount equal to the nominal value of one Share.

8. Protection of the Subscriber

So long as the Convertible Bond is outstanding, and subject to any approvals otherwise given in writing by the Subscriber:
